Pick-6, Jersey's Original Jackpot Game, Now Offers Players a Little Something XTRA

TRENTON – (Jan. 13, 2015) – New Jersey Lottery players will have the opportunity to increase their non-jackpot prizes by up to five times on the long-time favorite game, Pick-6, with the addition of XTRA for \$1 more. Players may purchase their Pick-6 tickets with XTRA beginning on Jan. 13 for the Jan. 15 drawing. Pick-6 XTRA increases the game's base prize amounts by a randomly selected multiplier number during the Pick-6 XTRA draw. The purchase of XTRA will also enable the player to win \$2.00 for matching only two numbers. The cost of adding XTRA to Pick-6 is \$1.00 making the total purchase \$2.00 per play.

Carole Hedinger, Executive Director, said, "Pick-6 XTRA is an exciting new enhancement for the 34-year old game that increases our players' odds of winning. It's another example of the customer-centric innovations we are bringing to our draw based and instant games this year."

The XTRA multiplier numbers range from 2 up to and including 5. The draw selected multiplier number determines the number with which the prize amount will be multiplied when the XTRA option is purchased. If Pick-6 XTRA is chosen any non-jackpot or non-match 2 prize will be multiplied by the multiplier number selected. The chart below illustrates the estimated prize payouts for purchasing a Pick-6 ticket with XTRA. Pick-6 XTRA also provides players with an additional prize tier for matching two out of six winning numbers, improving the overall game odds to 1:7 from 1:54.
